DIVISION OF ENVIRONMENTAL PROTECTION

Jim Gibbons, Governor

Allen Biaggi, Director

Leo M. Drozdoff, P.E., Administrator

NOTICE OF PROPOSED ACTION

Web posting 4/28/09

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for State Ground Water Permit # NEV2003514 and NEV2003504 from the following applicant:

**Clark County Parks and Community Services
7050 Wetlands Park Lane (at end of East Tropicana)
Las Vegas, Nevada 89122**

The Clark County Parks and Community Services Department has applied for a permit to allow for use of Category B treated effluent for wetlands enhancement and desert vegetation irrigation at its Nature Preserve I and Nature Preserve II parks. These are permit renewals and will require the applicant to meet all effluent management standards under NAC 445A for all of the sites where treated effluent is to be used.

The Division requires the applicant to obtain a groundwater discharge permit for each of these two separate parks. Based upon a review of the permit application, the Division has made the tentative determination to renew the permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on June 7, 2009**, either in person or by mail to:

**Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, NV 89701-5249**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. June 7, 2009** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

This Document is for Electronic Distribution

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Joseph Maez, Bureau of Water Pollution Control at (775) 687-9431, or at jmaez@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheet for this facility are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring the foregoing notice to the attention of all persons who may be interested in this matter.
